Chief Engineer of Mysore,

Bangalore

REV. SEC.
2 JULY 1934

To

The Secretary to Government.

General Department, Bangalore.

L.E. 77128

Constructing eight more model houses in block No. II (a)
Vishu Vilas Mohalla extension, Mysore.

Sir,

I have the honor to forward herewith for favour of sanction of Government a revised estimate amounting to Rs 16,640/- for the above work together with a report and copy of the letter No. 1208 dated 22nd May 1934 received from the Chairman, City Improvement Trust Board, Mysore which indicates the source from which the extra cost will be met.

I have the honor to be,

Sir,
Your most obedient servant,

29/6/34

Chief Engineer of Mysore.

MCP.

Letter No.1203 dated 22nd May 1934 from the Chairman, City Improvement Trust Board, Mysore, to the Chief Engineer of Mysore, Bangalore.

I have the honor to forward herewith a revised - estimate amounting to Rs 16,640/- for constructing eight more model houses in Block No.II' (a) Vanu Vilas Mohalla Extension, sanctioned by the Board of Trustees at their meeting held on 22-3-1934 and to request that you will be so good as to have the estimates scrutinised in your office and transmitted to the General Secretary to Government for favour of obtaining the sanction of Government thereto.

The original estimate amounting to Rs 14,000 was ~~was~~ sanctioned by Government in their proceedings No.L.5789-91/M1: 179-31-2 dated the 17th February 1932. The report accompanying the revised estimate explains the necessity for the revision, the chief reason being the complete change in the design. Copies of the sanctioned plan and the design as actually worked out are herein enclosed for reference with a copy of the - resolution of the Board sanctioning the revised estimate. The designs being entirely different, no comparative statement is submitted with the revised estimates.

The construction of the houses as per revised estimate has been completed and the houses have also been allotted. The excess expenditure incurred will be met partly out of the Narasimharaja Building Fund and partly out of the Palace Building Fund and the total cost recovered from the purchasers as per rules.

Chairman.

Report to accompany the revised estimate for the construction of eight more model houses in Block No.II (a) of Vani Vilasa Mohalla, Mysore.

An estimate amounting to Rs. 14,000/- for the above was sanctioned by Government in their Proceedings No.L.5789-91/Ml. 179-31-2 dated the 17th February 1932. The design provided a built area of $21 \frac{7}{8}$ ' x 33' or 722 Sq.ft in all. Although the cost was Rs.1750/- each, the design was later thought to be improved upon. An alternative design of a built area of $30 \frac{1}{2}$ ' x 29' was prepared and the same was approved by the Board of Trustees in the cause of their inspection during June 1932.

Owing to the increase in the area of the structure actually built upon and to the insertion of more doors and wider windows for the purposes of better ventilation, the preparation of the revised estimate became imperative. The design now constructed is found more convenient. The built area is more by 162 Sq. Ft than the sanctioned plan, four more doors and three more windows have been fixed for purposes of convenience and better ventilation.

The cost of each house as per actual execution comes to Rs.2080/- net against the sanctioned amount of Rs.1750/- resulting in a net excess of Rs.330/- for each house or Rs.2640/- for all the eight houses.

As the houses have all been applied for, for sale, and as the final bill of the contractor will have to be paid, the revised estimate prepared as per actual execution may kindly be sanctioned.

No comparative statement has been prepared as the design of the building as constructed is quite different from the one sanctioned.
